MEMORANDUM FOR COLORADO WING MEMBERS

FROM: COWG/CC

SUBJECT: Airplane "Wet" Hourly Reimbursement Rates for Colorado Wing Members

1. Effective 1 January 2020, the following "wet" hourly reimbursement rates for Colorado Wing airplanes flown on member-funded sorties are set as follows:

- a. Cessna 172 Skyhawk \$80/hr
- b. Cessna 182 Skylane \$100/hr
- c. Gippsland GA8 Airvan \$120/hr
- d. Cessna 206 Stationair \$140/hr

2. The hourly rate for CAP members who are not members of Colorado Wing or Region/National staff members residing within Colorado shall be charged the current "dry" hourly reimbursement rate as published in CAPR 173-3, *Payment for Mission Support*.

3. The airplane cost shall be calculated using the elapsed Hobbs time multiplied by the hourly rate. If the Hobbs meter is inoperative, the hourly rate will be calculated by taking the elapsed tach time multiplied by 1.15.

4. My point-of-contact for this memorandum is Lt Col Chad Grondahl, COWG/DO.
