

C/1stLt Shawn Nelson

Mile High Cadet Squadron — CO-143

C/1stLt Nelson currently serves as the Cadet Commander, as well as the Primary Cadet Advisory Representative for his squadron. He currently is a certified Civil Air Patrol VFR Pilot and hopes to one day earn his Commercial License and become a Certified Flight Instructor. Within Civil Air Patrol, he is well accomplished in emergency services, having earned his Ground Team Member Level 2 Rating, as well as being Urban Direction Finding and Mission Radio Operating certified. As the aviation industry continues to search for pilots, C/1stLt Nelson will certainly be a valuable asset to the aviation industry whether through being an airline pilot himself, instructing even more future pilots, or providing orientation rides to other Civil Air Patrol cadets inspiring them to continue into the field of aviation.
