

**C/SSgt Frederick Shi**

**Highlander Composite Squadron — CO-163**

C/SSgt Shi is currently serving as the Assistant Wing Cadet Advisory Council Representative as well as a Cadet Operations NCO within the Highlander Composite Squadron. With the general goal to become a successful cadet within Civil Air Patrol, Cadet Staff Sergeant Shi has been very open to experiencing everything that Civil Air Patrol has to offer, from orientation rides, to trying out Cadet Advisory Council for the 2023-2024 term. While only 4 ranks through the program and a freshman in high school, C/SSgt Shi has a big future ahead of him within and without the program, especially having already gotten a shoe into Cadet Advisory Council as well as various other activities at the squadron level. Since C/SSgt Shi has joined Civil Air Patrol, to the current day, his fellow squadron cadets and seniors have witnessed firsthand his incredible development in public speaking as well as leadership abilities over such a short period of time.
